Dear Mr. Terreni:

ORS does not oppose the request by Mr. Hoefer for the Commission to hold in abeyance the requirement that customers in CWS's Dorchester County service area be supplied notice of the night hearing in Summerville considering the pending contract negotiations.

Thank you,
Lessie

Dear Mr. Terreni:

This follows up on the conversation Mr. Scott and I had with you earlier this morning. As we indicated, Dorchester County ("County") has advised Carolina Water Service, Inc. ("CWS") that it anticipates that it will by tomorrow morning provide to CWS its comments on the draft contract between CWS and the County for the transfer of the Kings Grant sewer system and the Teal on the Ashley water and sewer systems. Preliminarily, the County indicates that CWS's proposed revisions to the draft contract are acceptable. CWS will be in a position to immediately file an application for transfer upon execution of the contract and it is hoped that same may be filed before noon on Wednesday of this week.

In light of the foregoing, CWS requests that the Commission hold in abeyance the requirement that customers in the company's Dorchester County service area be supplied notice of the night hearing in Summerville. As you are aware, the notice is currently

required to be supplied to customers on June 9th and the night hearing is scheduled for July 13th. Based upon our conversation, it is my understanding that ORS consents to this request. There are no CWS customers in Dorchester County other than those in the Kings Grant and Teal on the Ashley Subdivisions and there are no intervenors in this case.

If you need anything else to consider this request or place it before the Commission for consideration, please do not hesitate to contact me. Thank you.
